## **Management's Responsibility for Financial Reporting**

The accompanying unaudited interim consolidated financial statements of China Education Resources Inc. were prepared by management in accordance with Canadian generally accepted accounting principles. The most significant of these accounting principles have been set out in the December 31, 2008 audited consolidated financial statements. Only changes in accounting policies have been disclosed in these unaudited interim consolidated financial statements. Management acknowledges responsibility for the preparation and presentation of the unaudited interim consolidated financial statements, including responsibility for significant accounting judgments and estimates and the choice of accounting principles and methods that are appropriate to the Company's circumstances.

Management has established processes, which are in place to provide them sufficient knowledge to support management representations that they have exercised reasonable diligence that (i) the unaudited interim consolidated financial statements do not contain any untrue statement of material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it is made, as of the date of and for the periods presented by the unaudited interim consolidated financial statements and (ii) the unaudited interim consolidated financial statements fairly present in all material respects the financial condition, results of operations and cash flows of the Company, as of the date of and for the periods presented by the unaudited interim consolidated financial statements.

The Board of Directors is responsible for reviewing and approving the unaudited interim consolidated financial statements together with other financial information of the Company and for ensuring that management fulfills its financial reporting responsibilities. An Audit Committee assists the Board of Directors in fulfilling this responsibility. The Audit Committee meets with management to review the financial reporting process and the unaudited interim consolidated financial statements together with other financial information of the Company. The Audit Committee reports its findings to the Board of Directors for its consideration in approving the unaudited interim consolidated financial statements together with other financial information of the Company for issuance to the shareholders.

Management recognizes its responsibility for conducting the Company's affairs in compliance with established financial standards, and applicable laws and regulations, and for maintaining proper standards of conduct for its activities.

### **Notice to Reader**

Under National Instrument 51-102, Part 4, subsection 4.3(3)(a), if an auditor has not performed a review of the interim financial statements; they must be accompanied by a notice indicating that the financial statements have not been reviewed by an auditor.

The accompanying unaudited interim consolidated financial statements of the Company have been prepared by and are the responsibility of the Company's management.

The Company's independent auditor has not performed a review of these unaudited interim consolidated financial statements in accordance with standards established by the Canadian Institute of Chartered Accountants for a review of interim financial statements by an entity's auditor.

**1. Nature of Operations and Going Concern**

*(a) Nature of Operations*

China Education Resources Inc., together with its subsidiaries (individually and collectively referred to as the “Company”), provides an education internet portal with educational content, resources and training programs to users in People’s Republic of China (“China”). The Company’s principal activity up to late 2006 was distribution of educational textbooks and materials developed by the Company to bookstores and schools in China. During the period ended June 30, 2009, the Company determined that the operations of the Company were in one segment based on the organizational structure, strategies, decision making and the availability of financial information.

*(b) Going Concern*

These consolidated financial statements have been prepared on the basis of a going concern, which presumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. In assessing whether the going concern assumption is appropriate, management takes into account all available information about the future, which is at least, but is not limited to, twelve months from the end of the reporting period. Management is aware, in making its assessment, of material uncertainties related to events or conditions that may cast significant doubt upon the entity's ability to continue as going concern as described in the following paragraph. Accordingly, they do not give effect to adjustments that would be necessary should the Company be unable to continue as a going concern and therefore be required to realize its assets and liquidate its liabilities and commitments in other than the normal course of business and at amounts different from those in the accompanying consolidated financial statements.

The Company has a need for financing for working capital, development and update its education internet education portal. The ability of the Company to continue as a going concern is dependant upon the acceptance of the education internet portal by the users to achieve a profitable level of operations by the Company and on the ability of the Company to obtain necessary financing to fund the Company’s future business plan. The outcome of these matters cannot be predicted at this time. Since inception, the Company has incurred cumulative losses of \$30,260,044 and for the six months ended June 30, 2009, incurred negative operating cash flow from continuing operations of approximately \$769,000.

**2. Basis of Presentation and Accounting Policies**

The unaudited interim consolidated financial statements have been prepared in accordance with Canadian generally accepted accounting principles for interim financial information. Accordingly, they do not include all of the information and notes to the consolidated financial statements required by Canadian generally accepted accounting principles for annual consolidated financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. Operating results for the six months ended June 30, 2009 may not necessarily be indicative of the results that may be expected for the year ended December 31, 2008.

**2. Basis of Presentation and Accounting Policies - Continued**

The consolidated balance sheet at December 31, 2008 has been derived from the audited consolidated financial statements at that date but does not include all of the information and footnotes required by Canadian generally accepted accounting principles for annual consolidated financial statements. The interim consolidated financial statements have been prepared by management in accordance with the accounting policies described in the Company's annual audited consolidated financial statements for the year ended December 31, 2008, except as noted below. For further information, refer to the audited consolidated financial statements and notes thereto for the year ended December 31, 2008.

These unaudited consolidated financial statements of the Company include the accounts of the Company and its wholly owned subsidiaries, CEN China Education Network Ltd. ("CEN Network"), China Education International Inc. and CEN China Education Overseas Corporation; and its 90% owned subsidiaries CEN Smart Networks Ltd. ("CEN Smart") and Today's Teachers Technology & Culture Ltd. ("TTTC"). All significant inter-company transactions and accounts have been eliminated.

Certain comparative figures have been reclassified to conform to the current period presentation. These reclassifications have not had an impact on results of operations for the period.

*The Company adopted the following new accounting policies as from January 1, 2009:*

(i) Goodwill and Intangible Assets

On January 1, 2009, the Company adapted CICA Section 3064, Goodwill and Intangible Assets. This new standard provides guidance on the recognition, measurement, presentation and disclosure of goodwill and other intangible assets. The adoption of this standard did not have any material impact on the Company's consolidated financial statements.

(ii) Credit Risk and the Fair Value of Financial Assets and Financial Liabilities

On January 20, 2009, the Emerging Issues Committee of the Accounting Standards Board issued EIC-173, *Credit Risk and the Fair Value of Financial Assets and Financial Liabilities*. Under EIC-173, an entity is required to take into account its own credit risk as well as the credit risk of the counterparty in determining the fair value of financial assets and financial liabilities. EIC-173 is applicable to interim and annual financial statements for periods ending after January 20, 2009. The adoption of EIC-173 did not have a material impact on the Company's consolidated financial statements.

*Recent Accounting Pronouncements*

(i) International Financial Reporting Standards (“IFRS”)

In February 2008, the Accounting Standards Board (AcSB) confirmed that the use of IFRS will be required in 2011 for publicly accountable enterprises in Canada. In April 2008, the AcSB issued an IFRS Omnibus Exposure Draft proposing the publicly accountable enterprises be required to apply IFRS, in full and without modification, on January 1, 2011. The adoption date of January 1, 2011 will require the restatement, for comparative purposes, of amounts reported by the Corporation for its year ended December 31, 2010, and of the opening balance sheet as of January 1, 2010. The AcSB proposed that CICA Handbook Section, Accounting Changes, paragraph 1506.30, which would require an entity to disclose information relating to a new primary source of GAAP that has been issued but is not yet effective and that the entity has not applied, not be applied with respect to the IFRS Omnibus Exposure Draft. The corporation is continuing to assess the financial reporting impacts of the adoption of IFRS and, at this time, the impact on future financial position and results of operations is not reasonably determinable or estimable. The Corporation does anticipate a significant increase in disclosure resulting from the adoption of IFRS and is continuing to assess the level of disclosure required, as well as system changes that may be necessary to gather and process the required information.

(ii) Business combinations

In January 2009, the CICA issued the new handbook Section 1582, “Business Combinations” effective for fiscal years beginning on or after January 1, 2011. Earlier adoption of Section 1582 is permitted. This pronouncement further aligns Canadian GAAP with US GAAP and IFRS and changes the accounting for business combinations in a number of areas. It establishes principles and requirements governing how an acquiring company recognizes and measures in its financial statements identifiable assets acquired, liabilities assumed, any non-controlling interest in the acquire, and goodwill acquired. The section also establishes disclosure requirements that will enable users of the acquiring company’s financial statements to evaluate the nature and financial effects of its business combinations. Although the Company is considering the impact of adopting this pronouncement on the consolidated financial statements, it will be limited to any future acquisitions beginning in 2010.

(iii) Consolidated financial statements and non-controlling interests

In January 2009, the CICA issued the new handbook Section 1601, “Consolidated Financial Statements”, and Section 1602, “Non-controlling Interests”, effective for fiscal years beginning on or after January 1, 2011. Earlier adoption of these recommendations is permitted. These pronouncements further align Canadian GAAP with US GAAP and IFRS. Sections 1601 and 1602 change the accounting and reporting for ownership interest in subsidiaries held by parties other than the parent. Non-controlling interests are to be presented in the consolidated statement of financial position within equity but separate from the parent’s equity. The amount of consolidated net income attributable to the parent and to the non-controlling interest is to be clearly identified and presented on the face of the consolidated statement of income. In addition, these pronouncements establish standards for a change in the parent’s ownership interest in a subsidiary and the valuation of retained non-controlling equity investments when a subsidiary is deconsolidated. They also establish reporting requirements for providing sufficient disclosures that clearly identify and distinguish between the interests of the parent and the interests of the non-controlling owners. The Company is currently considering the impact of adopting these pronouncements on its consolidated financial statements in 2010 in connection with the conversion to IFRS.

(iv) Financial instruments disclosure

In June 2009, the CICA amended Handbook Section 3862, *Financial Instruments—Disclosures*, to include additional disclosure requirements about fair value measurements of financial instruments and to enhance liquidity risk disclosure requirements for publicly accountable enterprises. The amendments apply to annual financial statements for years ending after September 30, 2009. The Company does not expect that adoption of these amendments will have a significant impact on the consolidated financial statements.

(v) Accounting changes

In July 2009, the CICA amended Handbook Section 1506, *Accounting Changes*, to exclude from its scope changes in accounting policies upon the complete replacement of an entity’s primary basis of accounting. The amendments apply to interim and annual financial statements relating to years beginning on or after July 1, 2009. The Company does not expect that adoption of these amendments will have a significant impact on the consolidated financial statements.

**3. Capital Management**

The Company manages its capital structure and makes adjustments to it, based on the funds available to the Company, in order to support the development and update of the educational internet portal. The Board of Directors does not establish quantitative return on capital criteria for management, but rather relies on the expertise of the Company's management to sustain future development of the business.

Although the Company has commercialized its teaching training portal in February 2007 and launched its education internet portal in late 2008, the Company is still dependent on external financing to fund its future business plan until it achieves a profitable level of operations. The Company will spend its existing working capital and raise additional amounts as needed. The Company will continue to develop additional features for its education internet portal and will also look into other opportunities to provide educational services provided through the internet if it has adequate financial resources to do so.

Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable.

There were no changes in the Company's approach to capital management during the six months ended June 30, 2009. Neither the Company nor its subsidiaries are subject to externally imposed capital requirements.

**4. Financial Instruments**

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's financial instruments consist of cash and cash equivalents, accounts receivable, other receivables, due from a related party, long term other receivable, and accounts payable and accrued liabilities.

The Company's financial instruments are exposed to the risks described below:

(a) Credit risk

Credit risk is the risk of an unexpected loss if a party to a financial instrument fails to meet its contractual obligations. The Company's credit risk is primarily attributable to cash and cash equivalents and accounts receivables. The Company has no significant concentration of credit risk arising from operations. Other receivables consist of goods and services tax due from the Federal Government of Canada, interest receivable and amounts advanced to employees and others. Management assesses the credit risk concentration with respect to accounts receivable and other receivables annually and adjusts them accordingly.

**4. Financial Instruments - Continued**

(a) Credit risk - Continued

One (2008: Two) customer represent in excess of 10% of trade accounts receivable at June 30, 2009. Three (2008: Two) customers represent in excess of 10% of total revenue at June 30, 2009.

(b) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. At June 30, 2009, the Company had a negative working capital of \$3,981,933 (December 31, 2008 - \$3,762,813). The Company is focused on generating sales revenue and is actively pursuing additional sources of financing to ensure that it can meet its ongoing operating requirements and planned capital expenditures.

(c) Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates and equity prices.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to short term interest rates through the interest earned on cash and cash equivalents. The Company has significant cash balances and no interest-bearing debt. The Company's current policy is to invest excess cash in short-term deposits with its banking institutions. The Company periodically monitors the investments it makes and is satisfied with the credit ratings of its banks.

(c) Market risk - Continued

(ii) Foreign currency exchange rate risk

Foreign currency exchange rate risk is the risk that the fair value of financial instruments or future cash flows will fluctuate as a result of changes in foreign exchange rates.

The majority of the Company's assets, liabilities, revenues and expenses are denominated in Chinese Renminbi ("RMB"), which was tied to the US dollar and is now tied to a basket of currencies of China's largest trading partners, is not a freely convertible currency. The appreciation of the RMB against the US dollar would result in an increase in the assets, liabilities, revenues and expenses of the Company and a foreign currency gain included in comprehensive income. Conversely, the devaluation of the RMB against the US dollar would result in a decrease in the assets, liabilities, revenues and expenses of the Company and a foreign currency loss included in comprehensive income.

The Company's functional currency is the Canadian dollar and major transactions are transacted in Canadian dollars and RMB. The Company maintains Chinese RMB bank accounts in China to support monthly forecasted cash outflows. Management believes the foreign exchange risk derived from currency conversions is minimal and therefore does not hedge its foreign exchange risk. At June 30, 2009, approximately \$124,853 of the cash was held in RMB.

Fluctuation in the value of Canadian dollar relative to US dollar has some impact on the Company's head office financial results. However, such exchange rate fluctuations have not materially affected the overall financial earnings and results on a consolidated basis.

(iii) Price risk

The Company is exposed to risk of equity prices. Equity price risk is defined as the potential adverse impact on the Company's earnings due to movements in individual equity prices or general movements in the level of the stock market. The Company monitors the movements of the stock market to determine the appropriate course of action to be taken by the Company.

(d) Sensitivity analysis

The Company has designated its cash as held-for-trading, which is measured at fair value. Accounts receivable, other receivable, due from a related party and long term other receivable are classified as loans and receivables, which are measured at amortized cost. Accounts payable and accrued liabilities are classified as other financial liabilities, which are measured at amortized cost.

Based on management's knowledge and experience of the financial markets, the Company believes the following movements are "reasonably possible" over a year:

- (i) Cash and cash equivalents are subject to floating interest rates. Sensitivity to a plus or minus 1% change in rates would affect net loss by approximately \$2,700 for the six months ended June 30, 2009.
- (ii) The Company is exposed to foreign currency risk on fluctuations of financial instruments related to cash and cash equivalents, accounts receivables, other receivables, due from a related party, long term other receivables and accounts payable and accrued liabilities that are denominated in Chinese RMB. Sensitivity to a plus or minus 5% change in the foreign exchange rates would affect net loss by approximately \$110,000 for the six months ended June 30, 2009.

Bad debt provision	(613,424)	(614,136)
	\$ 18,521	\$ 18,542

- [i] Shengshi is a non-related business partner of one of the Chinese subsidiaries. The total loan due from Shengshi was RMB7,630,000 (\$1,117,108) of which RMB 3,970,000 (\$581,248) was non-interest bearing and was due September 2006, RMB1,320,000 (\$193,261) was bearing 10% interest and was due on June 2006 and RMB2,340,000 (\$342,599) was bearing 10% interest and was due on August 2006. Of the total loan, RMB4,551,269 (\$666,351) was collateralized by the shares of the Company owned by Beijing Anli Information and Consulting Company ("Anli") and a shareholder of the Company. In 2006, management determined the collectibility of this loan became uncertain. In light of this uncertainty management set up a provision of RMB3,078,731 (\$450,757) for the portion of the loan that is unsecured and did not accrue the interest income. In 2007, management set up additional provision of RMB235,000 (\$34,406). As of December 31, 2008, management decided to adjust the receivable to net realizable amount by recording an additional provision of RMB4,189,769 (\$613,424). As the above noted receivable had been long overdue and the anticipated time of collection is not certain, the Company has classified the receivable as long term other receivable.

TTTC entered into an agreement with a Chinese government agency to reference its name in the Company's internet training website, whereby the Company agreed to pay RMB1,200,000 (\$175,896) per year until 2009 and RMB500,000 (\$73,290) in 2010. On April 23, 2009, both parties agreed to cancel the agreement and TTTC has to pay RMB280,000 (\$40,995) to the other party before the end of 2009 as the final settlement of any outstanding balance payable. The Company thus wrote off RMB2,020,000 (\$295,627) payable previously accrued.

According to the terms of agreement dated September 30, 2006, the aggregate purchase price for acquiring an additional 13% interest in TTTC was RMB 790,000 (\$115,798). Cash is payable over four years with RMB 200,000 (\$25,263) paid in March 2007, RMB 200,000 (\$29,316) is due on or before December 31, 2007 (unpaid as at November 26, 2008), RMB 200,000 (\$29,316) due on or before December 31, 2008 and RMB190,000 (\$27,850) due on or before December 31, 2009. As at June 30, 2009, \$83,950 has been paid and included in the accounts payable in connection with the above noted purchase price.

**12. Subsequent Event**

The Company, through TTTC, entered into a definitive agreement to purchase a 60% interest in Yu Cheng Yuan Consulting and Service Ltd. ("YCY"), a distributor of education products in China for RMB6,000,000 (\$878,460) payable in 2,860,000 shares of common stock of the Company at a deemed value of C\$0.35 (\$0.30) per share. One-third of the purchase consideration will be paid up front with the balance paid on the first and second anniversary of the closing date, contingent upon YCY generating an annual net profit of RMB2,000,000 (\$292,820).
