China Education Resources Inc. Corporate Update

VANCOUVER, Canada (December 6, 2017) - China Education Resources, Inc. ("CER") (TSXV: CHN) (OTCQX: CHNUF), an ed-tech company with leading technology of intelligent system and contents to provide online/offline learning, training courses and social media for teachers, students and education professionals, today provides shareholders and investors with an update on its business performance.

1. Soccer Project

CER is making progress on the soccer project in China and has the following achievements:

CER, together with its partners, has completed the most comprehensive high-quality soccer textbooks with online/offline solutions for soccer education program. The soccer textbooks include thirteen student soccer textbooks (one book per grade) and four teacher's books for teaching the student soccer textbooks. The soccer textbooks also have soccer training video contents for students and teachers.

The online training platform of soccer education provides a vertical blended learning, teaching, research and management system for "student-teacher-school community"; highlights the central role of personal studio, provides various forms of curriculum resources and interactive learning tools. Users can choose courses and services, combine district, school, class and individual as a whole group for different levels of learning, teaching and research activities. Users can scan the QR code on the soccer textbooks to enter the learning & training platform via their mobile phones.

Partner with the sports companies of Spain and U.K., CER can arrange registered UEFA soccer coaches to go to China for face-to-face tutoring and teaching on soccer training activities to Chinese students and local coaches, or arrange Chinese students to go to overseas for soccer summer camp programs. These activities will be available for different ages of students.

Through our comprehensive high-quality textbooks, video contents, training programs, on-line platform and cellular phone technology, CER will out-perform our competitors with our total solutions to both the students and teachers in soccer learning and training in China.

2. Existing Business

Up to date, CER's online teacher training program has expanded into another four new provinces in China.

CER is recently selected by the Ministry of Education, China to provide vocational teacher training programs. The vocational online training platform has been developed by CER together with an initial 185 training courses.

We are pleased of making progress in both the soccer project and existing business and expect them to generate more revenue in 2018.

In collaboration with China's education administrators and experts, China Education Resources has been helping to transform the curriculum of the world's largest educational system. Recognizing the need to address education reform changes, China Education Resources has created educational tools and curriculum for China's entire kindergarten through twelfth grade system. The Company is playing an integral part in transforming China's educational system through helping to convert the existing educational system from a memory-based learning system to a creative thinking and interactive approach. Presently, China Education Resources has over 1 million kindergartens through twelfth grade teachers registered through its Web portal.
