China Education Resources Inc. Launches IT Proficiency Training Program for K-12 Teachers

VANCOUVER, Canada (November 17, 2020) - China Education Resources, Inc. ("CER") (TSXV: CHN) (OTCQB: CHNUF) is an ed-tech company with leading technology of intelligent system and contents to provide online/offline learning, training courses and social media for teachers, students and education professionals. CER today provides shareholders and investors with an update on its business development.

CER has launched its online IT Proficiency Training Program designed to improve the IT application capability of K-12 teachers. The program includes a set of 130 training courses plus supplemental materials. Starting from 2020, IT proficiency training courses are part of the mandatory requirements for all the 12 million K-12 teachers in China by the Chinese Ministry of Education. Because of increased use of information technology and social media in both education and interactions with students as well as their parents, teachers are required to familiarize themselves with and enhance their skills in IT in order to improve their educational quality and teaching results.

The COVID-19 pandemic has accelerated the digitalization process of classrooms and changed the education landscape indefinitely. Now, more than ever, online education and educational technology is in great demand. CER is perfectly poised to cater towards the intensified e-learning market demands which have arisen as a direct result of the COVID-19 pandemic.

“We are very pleased by the progress of our online training programs, which are continuously updated to meet the current demand. Because of COVID-19, teachers and students have had to adapt to novel learning and communication methods; the overwhelming majority of these methods have involved a shift from in-person learning to online education. CER’s online education training platform provides a vertically blended learning, teaching, research and management system for a student-teacher-school-parent community. Our unique and comprehensive blend of education resources and services provides CER with great long-term revenue potential.” said Chengfeng Zhou, CEO, China Education Resources.

In collaboration with China's education administrators and experts, China Education Resources has been helping to transform the curriculum of the world's largest educational system. Recognizing the need to address education reform changes, China Education Resources has created educational tools and curriculum for China's entire kindergarten through twelfth grade. The Company is playing an integral part in transforming China's educational system through helping to convert the existing educational system from memory-based learning to a creative

thinking and interactive approach. Presently, China Education Resources has over 1 million kindergarten through twelfth grade teachers registered through its Web portal.
